SELECTED LIST OF BOOKS ON ENTOMOLOGY

The accompanying list of references of books dealing with entomology has been selected by the Library of the Bureau of Entomology and Plant Quarantine as representative of some of the more readily obtainable publications on insects. It is not intended to be complete nor is endorsement given to the various publications listed.

Historical

Essig, E. O. A history of entomology. 1029 pages. Published by the Macmillan Company, New York, 1931. Price \$10.

Howard, L.O. Fighting the insects, the story of an entomologist. 333 pages. Published by the Macmillan Company, New York, 1933. Price \$2.50.

Howard, L.O. A history of applied entomology (somewhat anecdotal) with 51 plates. 564 pages. Published by the Smithsonian Institution, City of Washington, 1930. Price \$2.25.

Weiss, H.B. The pioneer century of American entomology. 320 pages. Published by the author, New Brunswick, N.J., 1936. Price \$4.25.

General

Bouvier, E.L. The psychic life of insects, by E.L. Bouvier... translated by L.O. Howard... 377 pages. Published by the Century Company, New York, 1922. Price \$2.

Comstock, J.H., and Herrick, G.W. A manual for the study of insects. 19th edition, 401 pages. Published by the Comstock Publishing Company, Ithaca, N.Y., 1930. Price \$4.

Essig, E.O. Insects of western North America. 1035 pages. Published by the Macmillan Company, New York, 1926. Price \$10.

Folsom, J. W. Entomology with special reference to its ecological aspects... revised by R.A. Wardle... 4th rev.ed. 605 pages. Published by P. Blakiston's Son & Co., Inc. c1934. Price \$4.

Howard, L.O. The insect book. 429 pages. Published by Doubleday, New York, 1901. (Nature Library). Price \$5.

Imms, A.D. A general text book of entomology, including the anatomy, physiology, development and classifications of insects. 3rd rev.ed. 727 pages. Published by Methuen & Co., Ltd., London, 1934. Price 36 shillings; E.P. Dutton & Co., New York, 1934. Price \$10.80.

- Kellogg, Vernon L. American insects. 2nd rev.ed. 694 pages. Published by Henry Holt & Co., New York, 1908. Price \$5.
- Lutz, F.E. Field book of insects of the United States and Canada... 3d ed. 510 pages. Published by G.P. Putman's Sons, 1935. Price \$3.50.
- Metcalf, C.L. and Flint, W. P. Destructive and useful insects. 918 pages. Published by McGraw-Hill Book Co., New York, 1928. Price \$7.50.
- Morgan, Ann H. Field book of ponds and streams. An introduction to the life of fresh water. 448 pages. Published by B.P. Putnam's Sons, The Knickerbocker Press, New York and London, 1930. Price \$3.50.
- Sharp, David. Insects. Pt.1-2. Published by Macmillan Company, London and New York, 1895-1901. Price \$7 each.
- Snodgrass, R.E. Insects, their ways and means of living. 362 pages. Published by Smithsonian Institution Ser., Inc., New York, 1930. (Smithsonian scientific series v.5). Price \$12.50.
- Snodgrass, R.E. Principles of insect morphology. 667 pages. Published by the McGraw-Hill Book Company, New York, 1935. Price \$6.
- Wellhouse, W.H. How insects live; an elementary entomology. 435 pages. Published by the Macmillan Company, New York, 1926. Price \$5.
- Wheeler, W.M. Social life among the insects... 375 pages. Published by Harcourt, Brace & Company, New York, 1923. Price \$4.

Economic

- Crosby, C.R. and Leonard, M.C. Manual of vegetable garden insects. 391 pages. Published by the Macmillan Company, New York, 1918. Price \$2.75.
- DuPuy, W.A. Our insect friends and foes... introduction by Leland O. Howard. 275 pages. Published by the John C. Winston Company, Philadelphia, Chicago, etc., 1925. ("This Living World" series) Price \$1.
- Ewing, H.E. A manual of external parasites... 225 pages. Published by C.C. Thomas, Springfield, Ill., Baltimore, Md., 1929. Price \$5.
- Flint, W.P., and Metcalf, C.L. Insects, man's chief competitors. 133 pages. Published by Williams and Wilkins Co., in cooperation with the Century of Progress Exposition, Baltimore, 1932. Price \$1.
- Herrick, G.W. Insect enemies of shade trees. 417 pages. Published by the Comstock Publishing Company, Ithaca, N.Y., 1935. Price \$4.
- Herrick, G.W. Insects injurious to the household and annoying to man. rev.ed. 478 pages. Published by the Macmillan Company, New York, 1926. Price \$3.

Howard, L.O. The insect menace. 347 pages. Published by the Century Company, New York and London, 1931. Price \$3.50.

Mason, A. F. Spraying, dusting and fumigating of plants. A popular handbook of crop protection. 539 pages. Published by the Macmillan Company, New York, 1928. Price \$3.

Sanderson, E.D. Insect pests of farm, garden and orchard... 3d rev. ed. 468 pages. Published by John Wiley & Sons, New York, 1931. Price \$4.50.

Slingerland, M.V. and Crosby, C.R. Manual of fruit insects. 503 pages. Published by the Macmillan Company, New York, 1924. Price \$3.50.

Snyder, T.E. Our enemy the termite. 196 pages. Published by the Comstock Publishing Company, Ithaca, N. Y., 1935. Price \$3.

Wardle, R.A. & Buckle, Philip. The principles of insect control... 295 pages. Published by the Manchester University Press, London, New York, Longmans, Green & Co., 1923. Price \$4.80.

Medical

Herms, W.B. Medical and veterinary entomology. 2d ed. completely revised. 462 pages. Published by the Macmillan Company, 1923. Price \$6.

Matheson, Robert. Medical entomology. 498 pages. Published by C.C. Thomas, Springfield, Ill., 1932. Price \$5.

Pierce, W.D., editor. Sanitary entomology. The entomology of disease, hygiene and sanitation. 518 pages. Published by Richard G. Badger, Boston, 1921. Price \$10.

Riley, W.A. and Johannsen, O.A. Medical entomology; a survey of insects and allied forms which affect the health of man and animals... First ed. 476 pages. Published by McGraw-Hill Book Company, New York, 1932. Price \$4.50.
